School Of Fine Arts Doing Big Job For Haliburton County

by Nila Reynolds

Twenty years ago residence in Haliburton County meant an exile from the world of the arts and its advantages available in larger centres; most of the doors to artistic opportunity were not only closed but padlocked. Today this no longer holds true! Since ten years ago when the Highlands of Haliburton Art Group at Carnarvon began and expanded and amalgamated to include members from all over the county as the presently functioning Haliburton Highlands Guild of Fine Arts, this organization has been providing an ever widening window on our cultural heritage.

In 1967 the Haliburton School of Fine Arts, an extension division of Sir Sandford Fleming College, opened a summer campus at the Haliburton Highlands Secondary School with 3 courses in landscape painting and week end photography courses. It has since widened its scope to include 16 summer courses running from July 17th to August 11th. During this period the Haliburton Guild of Fine Arts will again sponsor plays every

Monday evening by the popular Kawartha Summer Theatre Group.

Among those courses being offered this year at the School of Fine Arts are a number tailored especially for children and young people. It has been the annual policy of the Haliburton Guild of Fine Arts to establish a scholarship fund and sponsor art contests throughout the schools of the county. Through the co-operation of the Guild, the teachers, and those contributing to the fund (\$30.00 receipts are issued for Income is needed for each division and Tax purposes) three prizes are awarded in each division. The first prize is 2 weeks at the summer school; the second is one week and the third prize is either a book or art materials. All monies collected are disbursed since ties often occur in several categories and it is the purpose of these scholarships to benefit as many children as possible.

In this way latent talents are recognized and developed and hopefully from Haliburton County will emerge artists, craftsmen, performers and writers who can compete on a national level and beyond. Since the whole scholarship programme is directly related to the funds available an increase in contributions means a broadening of the awards which at the present time are only provided for art. Summer instruction is now available in 'Creative Drama For Children' and 'Dance for children' at the public school level. 'Creative Writing For Beginners' would almost certainly benefit most high school pupils interested in that field. How encouraging it would be if scholarships could be provided in these fields as well.

For the future it is the hope of every Guild member that someday enough scholarship funds will be available to finance students in any area of the creative arts they may choose to develop be it drama, writing, sculpture, music, weaving, whatever their heart desires. May the day soon come when isolation and lack of opportunity no longer can build a corral around the creativity of any gifted child.

CHILDREN'S ART SHOW OPENED

On Wednesday night, May 31st., the Children's Art Exhibit was opened in the Haliburton Highlands Guild of Fine Arts, by Mr. J. Douglas Hodgson.

Mr. Hodgson welcomed those teachers and parents who were present and explained the "Experiment in Visual Arts Contest" which has just been complete in all the public schools in Haliburton County.

Each year the entries increase for this contest, and each year, it is a harder task for the judges to decide the winners. The judges this year, were Mr. Bruce Mills, Mrs. Carole Finn, Miss Nancy Armstrong and Mrs. W. Munro.

First and second prize-winners will receive a scholarship for a Children's Art Course at the Haliburton School of Fine Arts. Third place winners will receive a gift of some Art supplies, which will hopefully help them to become a first or second prize winner next year.

The lucky prize winners were: Group A — First Nancy Bagg, Eagle Lake School, Neil Madill, Victoria St. School; Second Charlotte Barry, Victoria St. School, Chantal LaRue, Victoria St. School, Liane Whitfield, Victoria St. School; Third Lisa Jones, Victoria St. School, Warren Redgrave West Guilford School; Bill Sisson, West Guilford School; Honorable mention Jennifer Davidson, Victoria St. School, Molly Conolly, Dorset School.

Group B — First Lisa Jarvis, Minden; Carol Soubotin, West Guilford; Pam Wilford, Victoria St. School; second Gail Bowker, Victoria St. School; Inge Lovell, West Guilford; Brenda Morrison, West Guilford; third Wendy Roberts, Victoria St. School.

Group C — First Anne Campbell, Minden; Allan Dunce, Lakeview; second Bill Dunn, Dorset; Colin Hewitt, Archie Stouffer; Wendy McKelvey, Minden; Sheilla Scott, Lakeview; third Sherry Oake, Archie Stouffer, Don McKeegan, Archie Stouffer.

Special Education: Vern Mc-

Phail, Victoria St. School.

Group E - First, Michael McKey; second, Jill Harvey, H.H.S.S., Lyndell, Main, H.H.S.S.

The prize-winning entries will be on Exhibit in the Gallery until June 9th. Scholarships and prizes will be awarded at the opening night of the Summer Exhibition on July 6th.

Parents of first and second prize winners are asked to please drop in, or phone the office of the Haliburton Highlands Guild of Fine Arts, so that your child may be registered in one of the Children's Art Courses.

Scholarships were contributed by: L.O.L. No. 975, Haliburton Lumber Lt., Emmerson Lumber Lt., Marvin Brown, Municipality of Dysart, Mrs. J. Earl Palmer, T. A. Irwin, C. W. Martin Lumber, Haliburton Rotary, Minden Rotary, D. J. Finn, Gary F. Vasey, Kennis Lake Developments, Chester Schwawpt Lumber, Dawson and Gray and Co., Cecil Irwin, Halimar Lodge.

ANOTHER HOLE-IN-ONE

Golfers in Minden are starting to hit the hole pretty good, over the last two weeks we have had two hole-in-one shots made.

Elwood "Woody" Cox scored his ace on the Blairhampton Golf Course on Monday of this week. The shot was made on the No. 6 hole, with Bob Austin and Neil Burk playing as partners.

KINSMEN DANCE THIS WEEKEND

The Kinsmen Club of Minden will be holding a dance Saturday Night at the Kinsmen Centre. This will be their last dance at the Centre as the building has been sold.

THURSDAY SMILE

A brilliant professor was renowned for absentmindedness. One day, after stopping to talk to one of his students, he asked, "Which way was I going when I stopped to talk to you?" "That way," the student pointed. "Good," the professor said. "Then I've had lunch."

GRADUATED

Pictured above is Jacqueline Payne, daughter of Mr. and Mrs. William Payne of Minden, who graduated from the School of Nursing, Peterborough Civic Hospital, Peterborough, Ontario on May 26, 1972.

MINDEN CENTRE

Three bedroom home, basement, laundry room, kitchen, dining room, living room, bathroom, oil, forced-air furnace, nicely treed lot, garage. \$17,000 with terms or \$15,000 cash.

MINDEN CENTRE

Two bedroom, frame year around home, living room, dining room, kitchen, 3 pc. bath and summer kitchen, also garage, nicely treed lot. Estate sale only. \$12,500.

HERE AND THERE

with Fenwick Finch

This week I was going to discuss the consequences of accidents, fatal or otherwise on our roads — something else came up and I thought we'd take a look at it. You all know that argu-

ments on religion and politics can be deadly but I round out that another subject could be quite spirited. Pornography and obscenity.

Someone said — "Pornography, like beauty, is entirely in the eye of the beholder." I couldn't agree more, and, all my life I've resented anyone telling me what I shouldn't read because it might destroy me morally, etc. and etc.

In years past the civilized Greeks permitted an author every license. The puritanical Jews and the harshly respectable Romans also allowed freedom to an author. The English, before the Puritans hit them hip and thigh were one of the rawest and ribald group of people in the world.

This argument started in the newly decorated and well-set-up Rockcliffe Hotel — I won't tell you who was in on it but you can form your own opinion of what was discussed. Incidentally, drop in, the place looks pretty sharp.

Well to get back to pornography and obscenity. You've all heard the joke about the fellow that wasn't interested in pornography because he didn't own a pornograph. That's reaching away back for a story.

What started all the fracas was when I mentioned that I owned a first edition of the "Decameron" by Boccaccio. It was brought to me from England back in 1933 when a friend of mine was there on a visit. I have never thought it was obscene but it was banned in England, and Canada and the U.S. seized every copy they could get. There was little or no discussion about this book as, believe it or not, none of them had ever heard of it.

What teed everyone off was the statement I made about being able to go into almost any store that handled books and could come up with copies of paperbacks using descriptions more vivid and four letter words that never appeared in the Decameron. No one took me up on this, but you can do it if you want to try. This day and age seems permissive in the use of four letter words but the books are poorly written, there is no subject or theme at all just a bunch of words — four letter ones, thrown together with the express purpose of giving the reader a vicarious thrill. The same applies to the theatre. Time was in a play or movie if one of the characters said, "damn" or "hell" everyone in the audience would nudge each other and titter to themselves. Now, with the "skin" books and movies, you get right down to the "bare facts."

Just looking at my notes here, this confounded discussion could end up in a book.

Censorship seemed confused as to what they should stop. It's amazing what they've condemned. Walt Whitman's "Leaves of Grass" — Things are so illogical. We permit the subject of murder to be frankly discussed in the most explicit manner. Take the shooting of Gov. George Wallace on TV, wasn't that good fare for the youngsters? Where do you draw the line?

Now, if you enjoy reading Mickey Spillane or Max Brands westerns with their up-to-date violence you are O.K. — even the 007, James Bond series are O.K. and they don't come more sexy or violent than that series. On the other side of the coin if you read the "Lustful Turk" or "An Autobiography of a Flea" you are in line for a head shrink or trouble with the Law.

As I thought, not half way through my notes and out of space. In the interest of clean obscenity, think on this. "No wonder sex is so popular — it's so centrally located."

56TH ANNUAL MEETING

FOREST PRODUCTS

ACCIDENT PREVENTION

Recently, in North Bay, lumbermen from our area, gathered to study possible improvements towards safety in the logging sawmill and veneer industries.

Mr. Elgin Stouffer, of Minden, was selected to be area director for southern Ontario and was chosen from the representatives of many local firms. Mr. Stouffer has served in this capacity in previous years and has made an excellent contribution in safety matters on behalf of all those occupied in Forestry work. Wilberforce veneer won a safety shield for their 1971 record in hours worked by their employees safely. Stouffer Lumber won a merit award for their 1971 work year, in safety working experience.

R. Glen Hodgson, M.P.P., is an honorary-active director of the association and serves on the executive.

GLEN HODGSON

BY TOM TREMFIX

Question: The varnish on our entrance hall floor is badly worn with bare wood exposed in one place. Must I remove the old varnish before applying a new coat?

Answer: Not if instead of varnish you use a fast-drying polyurethane wood finish called Fasteron which can be applied directly over the old varnish.

This clear wood finish is excellent for halls and other high traffic areas because of its extreme durability. It resists abrasion and doesn't water-spot, so mud, grit, and water tracked in from outdoors can be washed or wiped away without damage to this finish.

And, with a normal drying time of only two hours, your family won't be unnecessarily inconvenienced while you re-finish the floor.

TOUCH UP BARE SPOT FIRST

For best results, sand any blistered areas, then remove all wax, polish, and dust or dirt from the floor by washing with pure turpentine and clean rags. Brush a coat of Fasteron on the worn area. Complete the job two hours later by applying the finish to the entire floor.

You didn't mention the size of your hall, but one imperial gallon of Fasteron will cover an area of approximately 500 square feet.

FOR FURNITURE AND EXTERIOR USE

This wood finish may also be used for furniture, paneling, and other fine finishes. It is available in either a Gloss or Satin Finish. Fasteron Satin tends to minimize imperfections in the surface of older floors and furniture and produces an attractive rubbed effect.

Because it's waterproof, this finish is especially suitable for exterior wood and boats. It has unusual resistance to both fresh and salt water. Again, because of its fast drying time, several coats may be applied in the same day for added protection.

For additional information on this non-explosive polyurethane wood finish, write to Tom Tremfix, The Tremco Manufacturing Company (Canada) Ltd., 220 Wicksteed Ave., Toronto 17, Ontario.

Cancer can be beaten.

Canadian Cancer Society

A WONDERFUL DAY

It was a dull morning on May 31st when the Ladies set out for the annual spring bus trip of the Women's Institute but that did not dampen the spirits of the 39 women who made the trip. We were so pleased to have Mrs. B.J. Walker, Mrs. Annie Cox, Mrs. Mae MacArthur and Mrs. Vera Cowan with us for this trip. Congenial driver, Ed Skelcher, strated by telling a couple of jokes and from then on the day was full of fun and laughter. Following a scenic drive across to the village of Sharon we were very disappointed to discover that Sharon Temple wouldn't be open until 'Manana' but that was a minor detail and off we went to Toronto City Hall where we enjoyed a very well-conducted tour of the Hall and had a chance to sit for a few moments in the beautiful council chambers then on to the Observation Tower for a birdseye view of the city. After this we were let loose for a couple of hours to have lunch and shop. By 1:30 we were back on the bus headed for Ontario Place and believe me if you visit there and want to see all, take longer than a few hours and above all do not miss Cinesphere. There is so much else to see such as the H.M.C.S. Ha'da that beautiful Canadian Destroyer, saved from being turned into scrap, and all the lovely boutiques and there are lots of places to sit and just gaze around at all the fascinating buildings. If you wish to see it by water there is a tour-boat or if you wish to see it by land and don't want to walk take a landride and you won't miss a thing. It is well worth seeing as it is a miniature Expo in our own Province.

Upon leaving Ontario Place and trip along Lakeshore Blvd. and over to Cedar Brae and

Cedar Heights Plazas we had a very delicious dinner at Watts Restaurant in Cedar Heights Plaza. The management presented Mrs. Irene Moore with a complimentary birthday cake as it was her birthday and after this was cut into 40 pieces, bus driver Mr. Ed passed the cake around among the ladies as they sang Happy Birthday. Another hi-lite for Mrs. Moore was the fact that having her daughter Mrs. Earl Bird and granddaughter Laura Bird with her on the trip, meant that three generations took the Bus Tour together. Upon completion of dinner, the ladies were free to shop for another couple of hours. Promptly at 8 the ladies gathered again on the bus, laden with parcels and ready for the final part of their journey. Arriving in Minden shortly after 10, the goodbyes were said and all went their way home already looking forward to the next trip.

Proclamation

Whereas the 100th Anniversary of the birth of Colonel John McCrae is celebrated this year;

Whereas Colonel John McCrae has left us a "legacy of spirit" embodied in his famous poem "In Flanders Fields";

Therefore be it known that Sunday, June 11th, 1972 is hereby proclaimed "Colonel John McCrae Day" in the Townships of Anson, Hindon and Minden and all peoples are reminded of the freedoms of our democracy and the valiant men and women who served to protect those freedoms.

Dated at Minden this 2nd day of June, 1972.

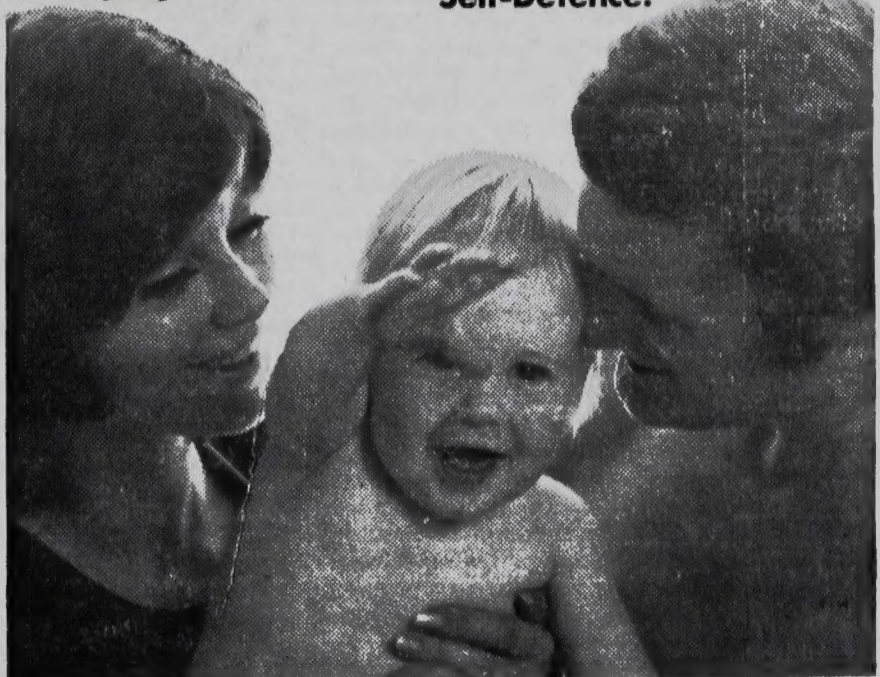

The rewarding art of Self-Defence.

The best protective equipment against job accidents is already yours—your eyes, your ears, your brain.

Keep alert, work defensively, and you'll stay on the job.

Self-defence is the secret of safety. You've got a lot to live for; work defensively, and enjoy life.

The sure way to safety is Self-Defence.

MINDEN PROGRESS

Thursday, June 8th., 1972

EDITORIALLY

with Al Greir

THE PROGRESS OPEN

On Sunday, June 11th, the first 18 holes will be played at the Blairhampton Golf Club of the 36 hole, Annual Progress Open. Sunday, June 18th, the second 18 holes will be played at the Beaverbrook Golf Club. The winner will walk away with a trophy donated by this paper and a piece of the cash prize money.

The Open originated last year, when it was felt by many of the golfers here, we needed more competitive golf in the area. We agreed to sponsor the tournament, donating the Trophies and splitting the cash entries up into prizes. Entry fee for the tournament is \$10.00 which includes green fees at both golf courses and the prize money is split 25% for low gross, 15% second low gross and 10% third low gross. For net prizes the percentage is 20% first low net, 15% second low net and 10% third low net. If anyone is concerned about their amateur status, merchandise vouchers can be given in place of cash winnings. Last year we had several out-of-town golfers worried about this, so this year we will see to it the cash can be turned into vouchers at any store in Minden.

The tournament is open to all golfers, whether or not you live in Haliburton County, or here as a summer resident. Handicaps are established the day of the tournament making it fair to all golfers, expert or otherwise.

John Wilson of Haliburton was the winner of the Open last year with a good score of 154 over the 18 hole grind. He shot rounds of 40, 37, 35, 42. Ken Rosenberg, also of Haliburton was second. Doug Heath of Minden won first low net with 143.

The Open is an interesting tournament, and very unusual, considering it is played on two different golf courses. The Blairhampton course, owned and operated by Dave Shyler is extremely tricky and fairly narrow, while the Beaverbrook is shorter and is a good course for the long-ball hitter. The Beaverbrook is owned and operated by Dave Stevens and his family. It must be said the two owners have been extremely cooperative, working with me on this tournament.

Last years tournament drew some 25 golfers and it is hoped more will take advantage of this competition this year. The courses, although they have had some harm done to the greens because of weather conditions last fall, are expected to be in good shape for the event.

This tournament offers a good chance for the weekend duffer to get out and mix with other golfers on a competitive basis, and with the net scores drawn up the way they are, anyone is capable of coming home with extra loot from their 36 holes of fun on the courses.

Registration can be made at the Progress office, or at the Blairhampton Golf Club, on the day of the first 18 hole play. Anyone not able to make the tournament the days specified can play the week previous to each of the matches, after registration has been paid and round specified as their 18 hole match. Anyone playing under these conditions must be accompanied by two or three other golfers, with signatures of all golfers made on score card.

The tournament last year was played in September, it was felt by many, a spring tournament would be more attractive to most golfers, when their interest was high, and more summer people around to play.

SUMMER EXHIBITION

The Haliburton Highlands Guild Of Fine Arts is happy to announce that the tenth annual summer exhibition of arts and crafts will be presented July 6-7-8-10-11, in the Haliburton Highlands Secondary School.

This exhibition has been declared one of the best rural exhibitions of arts and crafts in Ontario. Once again we hope to present some interesting exhibits, art and demonstrations.

We sincerely hope that our local craft people will enter some examples of their hobbies and crafts.

For further information, and to obtain entry forms, please contact Mrs. Thilde Nevill, 286 2297 Mrs. Carole Finn, 457-2404, or the office of the Haliburton Highlands Guild of Fine Arts, 457-1680.

MINDEN FAIR AUGUST 26-27

It's later than you think! Just think! In less than 3 months the Minden Agricultural Society will be holding its 108th Fall Fair.

Once again the Entertainment Committee has gone all out to bring more excitement and thrills to young and old.

On Saturday August 26th the International Stunt Drivers from Toronto will be putting on a one hour show. This hour will be packed with trick and fancy driving, 2 car-low skis, chariots motorcycles, long T. Bone, and a roll over. Then on Sunday they will be back for a 2 hour show with 2 car driving, chariots, motorcycle fire wall and jump, 3 car driving, low skis, high skis, roll over, short T. Bone, baracade and finally will jump the length of a 60 passenger bus. Altogether 6 cars will be demolished.

All this, plus Jack Bailey and the Balliffs, who will perform on stage and also host the amateur show. The Bobcaygeon band leading the parade, the horse drawing contest, plus the great Koptie Midway should make for the best fair ever.

Hardy, McInnes Lead Merchants

On Wednesday evening the Minden Merchants trounced the Irondale Flyers 16 - 3. Doug Hardy led the onslaught with a three run homer, with Murray McInnes aiding the cause with a homer and double driving in four runs. Craig (one-a-game) Morrison was at it again as he hit his fourth homer of the year. Doug Hardy (1-0) was the winning pitcher, while Gary Simmons suffered his second setback of the season.

West Guilford clobbered Haliburton Thursday evening in Haliburton 17 - 5. After two straight wins, the Huskies met the powerful Redmen and were thoroughly beaten. The Haliburton club did nothing to help their cause as they committed eight errors in the fifth inning and allowed eleven runs to cross the plate. Craig Stamp picked up his second straight victory of the young season, while Havan Cook suffered his first defeat after two victories.

On Sunday Haliburton was held to a 2 - 2 tie by the much improved Irondale Flyers. At the same time Stedman Raiders were taking a beating at the hands of the West Guilford Redmen 10 - 1.

In the Haliburton - Irondale game it was primarily a pitchers duel between Joe Hancock of Irondale and Lyle Cully of Haliburton.

In the West Guilford game Ron Stackhouse started things off early for the Redmen with his second homer of the year a two run shot. This proved to be all the Redmen needed. Bernard Bain increased the Guilford lead with his first homer of the year later in the game, also a two run blast. Darrell and Wade Stamp both had doubles to knock in insurance runs. Syd Cooper was the winning pitcher while Mark Schell suffered his third loss of the season.

On Monday in Minden the Irondale Flyers edged the Stedman Raiders 4 - 3 to vacate the cellar by half a game. The loss dropped the Raiders into last place. Gary Simmons was the winner, while Mark Schell dropped his fourth decision.

Stedman Raiders will be playing an exhibition game on Thursday evening at the fairgrounds against the Haliburton teachers. Lets have a good crowd out to this game as it should be a real fun evening.

Well golfers, this is the big weekend for the first round of the 36 hole Progress Open. The first round to take place in Blairhampton and the second the following Sunday here at Beaverbrook. I heard last week that Doug Heath parred the course at Beaverbrook. Seems to me Doug would have to be the odds on favorite to win this years tournament. I also heard through the golfers grapevine that there is another threat to this years Open, in the person of Senior ChiChi Hobbs. He fired his first round under a 100 the other day, a blistering 92 !!!

Just a short piece on the Haliburton Track Meet held Monday. It seems we have a couple of pretty fair track and field men in Minden. Kirk Hewitt had three firsts and a second, while Dave Hicks had a first and three seconds. Kirk 880 yds. 219.00; 440 yds 59.07; Triple Jump 35' 6 1/2" and second in the Long Jump 17' 4 1/2" while placing second in the 100 yds 12.7; 200 yds 26.3 and discus 105'. Both these boys are midget age group.

VICTORIA AND HALIBURTON CALLED A RETIREMENT HAVEN

This riding's member of parliament said he has figures to prove Victoria and Haliburton riding is the retirement haven favored over all other places in the country.

MP William C. Scott said in his Nation's Business report from Ottawa that he makes this statement on the basis of statistics compiled by the research office of the federal Conservative party.

'It is unlikely,' says Mr. Scott, 'that this riding will rival St. Petersburg as the place where senior citizens would most like to live, but it is obvious that we have an attraction for retired Canadians.'

The federal member points out the research team compiled statistics on the number of senior citizens residing in all federal ridings across the country with the exception of British Columbia, where a highly mobile and transient population makes it impractical to undertake a valid determination of age groups by percentage on over-all population.

In addition to listing the numbers of senior citizens in ridings, says Mr. Scott the list (of persons 65 years and over) shows the percentage of senior citizens in the total population. Victoria-Haliburton has a total of 8,859 pensioners, comprising 21.84 per cent of the population.

He adds that 'a large number of these retirees are from families that go back to the earliest settlers of our region, but many of them have come to our area to retire. There is no doubt that these people were exposed to Victoria-Haliburton in the past as visitors and cottage owners.'

Mr. Scott goes on to say 'with such a large number of senior citizens among my constituents, I am understandably, very much concerned with their well-being. My column has carried many of my comments in the past concerning my views on old age security, and the importance of constantly reviewing and upgrading old age pensions.'

ABOUT THE TOWN

With Jeanne Sears

We heard that oil spills are a problem in several places in our Country. There must be a simple solution to this, as in one case it is near resorts.

Erastus Robertson was very pleasantly surprised last Wednesday when his family met at his home for a buffet supper, the occasion being his 82nd birthday. Belated good wishes go to him from the community.

Is this correct? The lazier persons get, the more they promise to do tomorrow.

Congratulations to the newlyweds Mr. and Mrs. Wayne Murray Thompson (nee Shirley-Anne Johnston) whose wedding was Saturday.

We note the signs regarding water safety have been posted around the area, now that people are swimming and boating don't be careless.

Canada is gradually going to change measures of length to the metric system, the World Standard — guess we will have to go back and look this up, as I don't remember this at all.

Stratford Festival is celebrating its twentieth year, and special events are planned; we understand and there was one just recently when many Government Officials were present.

Mrs. Mary Cox, Mrs. Vera Cowan, Mrs. Annie Cox, Mrs. Mae MacArthur and Mrs. Audrey Walker, enjoyed a visit to Burnt River Branch Women's Institute at their Hall Friday evening. Special guest was Bill Scott M.P. who showed his slides of his visit to South Africa.

Mr. and Mrs. James Pringle and daughter Valerie of Halifax, N.S. returned home after spending several weeks with the Mr. Merle Pringles. Vicki was a lucky winner of \$30 at the Legion Bingo and Rose Pringle won \$100 in the lucky chips in the Maxwell House Coffee.

We are certain that the youngsters of the village enjoyed the matinee, Pinocchio last Saturday. There are so many restricted movies, that young people cannot see — wonder where the "Family Movies" went or arent they making these any more. What will T.V. have for movies five years from now?

Hint of the week — Do not cut your lawn when wet — easier on your mower as it does not clog up and easier on your lawn as well.

There was mention made of the Summer Exhibition sponsored by the Haliburton Guild of Fine Arts with dates set for July 6 - 11. This is an excellent way to show what your hobby or craft is, and perhaps if you wish you might make a sale.

Many persons from the area enjoyed the Opeongo Folk Singers recital at the Hyland Crest Auditorium last Saturday night. There might be a larger crowd come out if this was not on the weekend as many people here have visitors coming and cannot get to these events.

Bob Morrow was the winner of the 50 - 50 draw by the Stanhope Flying group, amount which he won was his share \$127.25.

Has been a good week, some rain, warm and even hot several days and near frost Sunday night.

Cheerio until next week.

LEGION SETS FUTURE COURSE

All this week the winds of change stirred the Royal Canadian Legion's biggest convention ever, and when they had calmed down, the 308,000-member organization was pointed on a course for the future.

Dramatic changes now give the Legion a potential membership of well over a million, and age groupings have been considerably broadened. About 2,500 delegates attending the five-day general sessions of the 24th national convention voted overwhelmingly in favour of bringing younger people into the veterans' organization.

Servicemen are now automatically eligible for Legion membership regardless of how long they have served in the Canadian forces. Reserve and militia personnel are eligible to become Legionnaires after two years service, as are members of the RCMP.

The convention received assurance from Veterans Affairs Minister Arthur Laing that the Legion's views on the basic rate for war pensions would be given government consideration, during any study of change in the pension structure. While the Legion favours a regular review of pensions, it insists that the basic rate must first be brought up to \$4,500. The veterans' organization also favours basing any future increases on public service wage increases, and not on the cost of living in Canada generally.

Altogether, about 200 resolutions were dealt with, some quickly and easily, and others with some rocky moments and not a few emotional reactions.

Winnipeg lawyer R.G. Smellie was elected Dominion President by acclamation. The new executive vice-president of the Legion, also by acclamation, is Robert McChesney of Kirkland Lake Ont. Treasurer J.A. de Lalanne of Montreal was re-elected to office, as was chairman Chester Merriam, of Tara, Ontario.

Four vice-presidents elected to national office for the next two years are Ed Coley of Edmonton, Jim Fagan of St. John's, Nfld., Dave Hunter of Vancouver, and Doug McDonald of Brantford, Ont.

Although the decks were cleared for expansion in Legion membership, the veteran and his dependants remain the organization's chief concern.

'We must ensure that no veteran is destitute,' said the report of the national organization and planning committee. 'Many ex-service personnel are in legitimate need of assistance. Many are unemployed, and no action is taken to help them'.

The Royal Canadian Legion is also obligated to the continuation and support of a vast number of community projects.

Spawning Affects Fishing

Spring fishing usually begins about the same time fish start spawning. Years ago it was generally thought wise to prohibit fishing during spawning season. Not anymore, for biologists have proven that, in most cases, fishing during spawning has little effect on fish populations. Therefore, seasons are now open for most favorite species.

In some cases spawning contributes to good fishing. But with other species, information from Red Fisher at Mercury outboard shows, that spawning has little effect on angling success.

Bluegill are a favorite catch for spring anglers. Spawning begins early and continues into July. This is often true where nests are damaged by floods or muddy water. Bluegills differ from other members of the sunfish family in that they incline to spawn in a colony. Anglers take advantage of this to fill their stringers. Look for bluegill colony nests near shore, in water one to three feet deep.

Largemouth bass don't stay on the spawning bed too long. After the eggs are laid, the male guards the nest. Eggs hatch within a week, and the fry disperse within four days after hatching. When on the nest the male will not range away for food, however, he will strike lures coming through his nesting area.

Muskies pick shallow water over a soft bottom. Eggs are scattered and no protection is given them. Water temperatures from 42 to 48 degrees bring about muskie runs. Spawning done, the fish return to dense weed beds. Look for them there fishing with noisy top-water lures, or shallow-running spoons.

Northern pike follow much the same spawning routines as do muskie. They do not protect the eggs or young, and the best spring fishing is in heavy weed cover.

Hard, clean bottoms—gravel or sand—make spawning sites for walleye. Again, like pike and muskie, they give no protection to eggs or young. No definite spawning nests are built. Fish minnows over rocks and along sand dropoffs.

White bass spawn in schools, running upstream until a suitable shoal is found, then depositing eggs and milt and deserting their progeny. Spinners, lead-nosed jigs are best lures. Fish fast, deep water.

DOLLARS AND GOOD SENSE

by William J. Martin

Mr. Martin serves as special consultant to Avco Financial Services. All questions should be sent to him at P.O. Box 5875, London Ontario, Canada. Those containing a name and address will be answered in this column or by direct return mail. No names will be used in print.

Dear Mr. Martin:

I've been shopping around for a new car and I'm thinking about leasing one this time. I've never leased a car before. Can you help me make up my mind?

F.J.

Dear F.J.:

Leasing is just another way of financing a car and anyone in the market for a new model could do well to get a few leasing quotes for comparison. Most all dealers have leasing departments these days so check out both ways to get a car.

The big difference with leasing, of course, is that at the end of your contract, usually around two-years, you don't own the car. Most of us really never own cars very much anyway though. Your equity in your car usually goes for a

down payment on your car. The lender really owns the car.

Monthly leasing bills can be less than monthly payments and you don't need to come up with a down payment on your car. The lender really owns the car.

Monthly leasing bills can be less than monthly payments and you don't need to come up with a down payment for a leased car.

Be careful to understand just what kind of a lease you are getting, however. There are many kinds of lease contracts. An open-end lease doesn't include maintenance costs, for instance, and you could have to pay extra for an unexpected drop in the value of the car at the end of the contract.

On the other hand, a full-maintenance lease takes care of everything. All you do is buy gas and oil plus insurance. If repairs are needed, you'll get another car to use while they're being done.

As I said, shop around and get some leasing quotes. Basic rates are about the same but the fringe benefits very quite a bit. Also be sure of who you deal with. Check with some local business men or doctors for a recommendation.

NOW HEAR THIS

by Lorna Rogers

An all-Brahms concert will be presented on Chamber Music, Thursday, June 15. The performers are soprano Roxolana Roslak (who played the role of Riel's wife in Harry Somer's much acclaimed opera, *Louis Riel*); contralto Patricia Rideout, a frequent artist with the Canadian Opera Company; tenor Tibor Kelen, baritone Gary Relyea and pianists Elyakim Taussig and Kathryn Root. They are heard in the *Liebeslieder Waltzes Opus 52*. The program was recorded as one of a series at St. James' Cathedral, Toronto.

What happens when a white woman, captured by Indians in infancy, is forcibly returned to her family, having become a squaw? *Lost Sister*, a short story by Dorothy M. Johnson, has been dramatized by Howard Griffin for Sunday Theatre, June 11. Dorothy Fowler, Walter Marsh and Dorothy Davies star in this Vancouver production.

Len Peterson, one of Canada's most prolific playwrights, has just had his most recent

drama, *The Workingman*, open at the Toronto Workshop Production Theatre. It marks over 100 years of labor history in Canada. CBC Tuesday Night, June 13, presents another play from the Peterson pen, *To Keep The Lightning Out*. It concerns a middle class family, suddenly penniless, who are forced to live in a car in a shopping plaza parking lot in the middle of winter.

Transcription discs produced by Radio Canada International (the CBC's International Service) are sent without charge to as many as 500 stations around the world. Alan Yates of RCI has produced *A Salute to Stratford's*

20th Season for international distribution, one of a series on regional theatrical ventures. It has also been scheduled on *Between Ourselves*, Monday, June 12. Program guide is veteran Stratford actor Powys Thomas. Artistic director Jean Gascon talks about the Festival's present and future and flute virtuoso Jean-Pierre Rampa is heard giving a master class, yet another aspect of Stratford's development.

In Vancouver a few months ago, a class of nine and ten year-olds got together to make a program about animals what it's like to be in a cage, what it's like to be free. They talked to other children and interviewed some adults as well. They put together the whole program with minimal technical assistance and the results are heard on *Ideas*, Monday, June 12.

ADELAIDE DANIELS

SAYS

YOU CAN CONTROL OVERWEIGHT

Overweight is a problem that's seen in practically every corner of the globe. Its dangers have been particularly advertised in North America, and we have lots of good reasons to respect the warning. The increased occurrence of diabetes, circulatory disorders, hypertension and other degenerative diseases among people who are overweight seems to be so common that there's little arguing about it.

In almost every case, dangerous excess weight is due to overeating. There may be modifying factors, but overweight people are usually overweight simply because they consume more food than they need, or the wrong kind of food.

Perhaps your reason for wanting to lose weight goes not deeper than a desire to look better, wear more attractive clothes and be more admired. But the benefits in health, increased vitality and long life are immeasurable.

Whatever your reason for wanting to lose weight, you can get thinner and stay thinner. And you can do it without giving up the pleasure of good and satisfying foods. It's just a matter of retraining your palate — and thousands of people will tell you that it's one of the most rewarding things they have done in their lives.

May people even find that they are enjoying their food more than ever before.

Instead of masking the flavor of meats, vegetables and fish with rich sauce, you can learn to cook them carefully and simply so that the true taste comes through. Instead of smothering fresh fruits with spoonful after spoonful of sugar, and billows of whipped cream, you can discover them as they are with all their fresh, tangy, tingling flavor.

Even coffee and tea become newly enjoyable to most people when they stop adding cream and sugar. Try it, and after a few days you'll wonder why you ever thought that the flavor of your favorite beverage could possibly be improved by those additions.

Think twice before you make alcohol of any kind a regular habit. Besides contributing calories in surprisingly concentrated form, it stimulates your appetite to eat excessively.

Food is one of our simple pleasures, but if you let its use get out of hand it can become a bad taskmaster.

Learn to enjoy the foods that are good for you, eat them with discretion, and you will not only look and feel better but enjoy your meals more.

CARD OF THANKS

We would like to thank everyone for the cards, telephone calls and kindness showed to us and our son Terry. A special thanks to the Minden Ambulance drivers Eldon Deacon and Spike Moxam for their prompt and kind service. To Dr. Koval and the nurses at Minden Red Cross Hospital. To Dr. Service and the Nursing Staff at Ross Memorial Hospital, Lindsay. Also a special thanks to Jean Hewitt, Elaine Anderson, Betty Harrison and Joan Fennell for their help and kindness when needed.

Thanks again.
Don, Opal and Terry Crowe

RED CROSS
IS ALWAYS THERE
WITH YOUR HELP

NOTICE

Between: Victoria and Grey Trust Company — Plaintiff and

Jack Young and Gisele Young, et al Defendants

ELIZABETH THE SECOND, by the Grace of God of the United Kingdom. Canada and Her other Realms and Territories Queen, Head of the Commonwealth, Defender of the Faith. TO: Donald Edmund Moody Rose Moody

We command you that within 15 days after the service of this writ on you, inclusive of the day of such service, if you desire to defend this action.

(1) you serve upon the plaintiff or his solicitor a copy of an affidavit that you have a good defence upon the merits and showing the nature of your defence, if any, to the plaintiff's claim, with the facts and circumstances which you deem entitle you to defend the action; and

(2) you file such affidavit with proof of service thereof together with an appearance, in the court office from which this writ was issued.

And take notice that in default of your so doing, the plaintiff may sign judgment for the relief claimed as endorsed on this writ, and execution will at once issue thereon.

The plaintiff's claim is on a mortgage dated the 28th day of September, 1964, and made between Gisele Young of the village of Haliburton in the Provisional County of Haliburton, Married woman; and Victoria and Grey Trust Company having its Head Office at the Town of Lindsay in the County of Victoria and registered in the Provisional County of Haliburton on the 10th day of March, 1965, as number 29678 township of Dysart.

Default in payment of an instalment of principal and interest occurred on the 15th day of September, 1970 and still continues, and the plaintiff claims that the mortgage may be enforced by foreclosure.

And to recover from the de-

fendants Gisele Young and Jack Young payment of the amount due under a covenant by you in that behalf contained in said mortgage.

And take notice further that the plaintiff claims to be entitled to recover immediate possession of the mortgage premises.

If you desire an opportunity to redeem the mortgaged premises you must before the expiration of the time allowed you for appearance file in the office within named a notice to that effect in writing and signed by yourself or your solicitor and give an address for service, and, if you are a subsequent encumbrancer, that notice shall contain particulars of your claim verified by affidavit, in which case you will be entitled to four clear days' notice of the taking of the account of the amount due to the plaintiff.

And take notice that your interest in the mortgaged premises may be foreclosed if you fail to redeem the mortgaged premises by paying, within six calendar months from the taking of the account, the amount found due thereunder.

If you desire a sale of the mortgaged premises instead of foreclosure and do not intend to defend the action, you must, within the time allowed for appearance, serve and file with proof of service in the office within named a notice to that effect in writing entitled in this action and signed by yourself, or your solicitor, and you must deposit in the court to the credit of this action the sum of \$150 to meet the expenses of such sale and file with the said notice a certificate of the Accountant of the Supreme Court of Ontario to the effect that such deposit has been made, in which case the judgment shall be a judgment for sale.

The following is a brief description of the mortgaged premises: Part of Lot 2, Concession 5, in the Township of Dysart, in the Provisional County of Haliburton, Province of Ontario.
